

Take A Look At What A Few Of Our Mentoring Students Have To Say...

I've been working at this real estate business for some time now, and like a lot of investors, I'm still trying to figure out what works here and how to make it work for us. Yes, I know real estate works anywhere, but discovering the kind that works best in my backyard, how to find it and do the best deal possible is my goal. That's why my husband and I signed up with Brian and Lynette Wolff for mentoring. Now *that* was a smart move.

...We've been in the mentoring program for some time now, and we can't tell you how pleased we are with the Wolffs' responses, guidance and support. Those once-a-week phone calls are really a lifesaver. They can find gold in garbage and show us the garbage in what we thought was gold. And I can't tell you how reassuring it is to know that when we have a question or an issue and send off an e-mail or fax, they respond in an amazingly short time. (I'm sure they're not standing by the fax machine waiting for our faxes, but it sure seems that way.)

...I can't say for sure if we would still be "in the game" if it hasn't been for the Wolffs, but I can tell you that you made one of the best decisions in Global history to get them on board as mentors. It sure was the best decision we made to join their team....Wall of Fame—here we come. You'll be hearing of our success, soon.

Dear Ron LeGrand and Rich Rogers,

Before signing up for your "Mentoring Program," I must admit, I was skeptical. I've been a full-time real estate investor for 4 years and thought I "knew the ropes." You know, borrowing money from the bank and personally guaranteeing everything I bought. But now, I realize that signing up for (this) program is the smartest and most profitable decision I've made in my real estate investing career. And why is that, you ask? Well, check out this "MATH!" Rich, less than 30 days ago you became my "MENTOR." And look what has happened:

1. Mailed out "Yellow Letters" as you directed
2. Received responses as you predicated
3. Got a "Personal Assistant" as you recommended
4. Delegated & Followed up on EVERY lead as you taught
5. As a Reptile, Quickly picked "The Low Hanging Fruit"
6. FOCUSED on the real deals, according to "Ron's Math"
7. Made OFFERS to SELLERS

And Now, today, less than 30 days from "SIGNING UP WITH YOU (Rich) to be my MENTOR,"... I "Got The Deed," Took Over The Debt at only \$560 per month...and "CLOSED" today for a purchase price of only \$70,000. My very conservative Realtor tells me that this property "as is" is worth \$120,000 on a "Quick Sale."

All I can say is: Thanks to you, Ron and Rich, your training and mentoring has put \$50,000 of equity in my pocket in less than 30 days. What's really cool is this \$50,000 should become CASH in less than 30 days!

Hi Brian and Lynette!

Just wanted to let you know that your coaching and support has been vital to keeping me moving forward and making income producing offers. I recently wholesaled an REO property and made a profit of \$5,653.75... You always seem to stay on top of great strategies no matter what market we're in, and I can't thank you enough for being so generous with that information. With your support and coaching, I'm looking forward to making many more checks like this one (and larger)!"

Dear Ron,

Re: Rebate Certificate

We attended your 5-day Quick Turn Real Estate Boot Camp in New Jersey last May 27-31. From that time on, we learned a lot. We got your Cash Flow System Pretty House and Ugly House, your book "How to Become a Quick Turn Real Estate Millionaire," and your 6-month Mentorship Program with Lynette Wolff. We really would like to thank you and all your staffs for all the help, resources, and knowledge you guys put in to the whole system of Quick Turn Real Estate Investing. It is amazing how beginners like us could instantly make money within 30 days simply just by following your system.

How we got our first check is by running the classified ads just like you said of "I BUY HOUSES When Others Say No Any Area-Condition-Price." Only people who are motivated will usually call us. The lady who called us was in fixed disability income and has difficulty paying her mortgage payment. We came in and helped her by satisfying her needs. We negotiated and immediately put the house on contract for \$130,000. The value of the house is \$206,000. Her mortgage balance is \$105,000. She tried selling it through the realtor but was not able to do so since the house needed some minor repairs. We did the simultaneous closing by selling the house for \$190,000 to a cash out buyer. We profited approximately \$58,608.43 as shown on the attached check and closing statement. However, we did a costly mistake. Due to the slow market and our eagerness to sell the property quickly, we negotiated a cash back of 50% to our end buyer to help her with purchasing the house. The end buyer had good credit but could not come up with all the down payment. She temporarily borrowed the rest of the down payment from a private lender we referred to her. So from that check, our total profit is \$29,304.21. Not bad for our first check.

We're very grateful for the whole system we got from you and from our mentoring program. Thank you so much and we are looking forward to learn more, earn more, and become financially free this year. You are the most effective teacher and the best in the Real Estate Investing. We're very thankful that we found your system and are following that right now. It's very helpful. Thank you so much. God bless you and the whole Global Publishing, Inc.
